EDUCATIONAL PSYCHOLOGY

BACHELOR OF SCIENCE /
BACHELOR OF ARTS

WHAT IS EDUCATIONAL PSYCHOLOGY?

Educational psychology is a branch of psychology that seeks to understand human growth, behavior, and learning from multiple perspectives.

ABOUT OUR PROGRAM

Our BS/BA Educational Psychology program provides students with hands-on training and expertise in behavioral and mental health—services desperately needed here in Utah and across the country.

We offer coursework and field experiences that lead directly to competitive, high demand employment opportunities in a variety of fields. Our program also serves as a pipeline for master's and doctoral programs in school counseling, school psychology, counseling psychology, clinical mental health counseling, and clinical psychology.

EARN WHILE U LEARN

We also offer the coursework required for two professional certifications, Board Certified Assistant Behavior Analyst (BCaBA) and Registered Behavior Technician (RBT):

- While in the program, you can pursue RBT certification, and
- Upon graduation, you can pursue BCaBA certification.

CAREER PATHS

Our degree offers endless career paths, including:

- Psychiatric Technician / Behavior Specialist
- Victim's Advocate / Child Life Advocate
- School Interventionist
- Personal Care Aide / Home Health Aide
- Wilderness Therapy Guide
- Caseworker / Probation & Parole Officer
- Human Resources / Personnel Recruiter
- Admissions Evaluator
- Substance Abuse Counselor
- Community Program Manager
- General/Special Education Paraprofessional
- College Employment Counselor
- Sales or Human Resources / Employee Relations
- Student Support Assistant

PIPELINE TO GRADUATE SCHOOL PROGRAMS

- School Counseling
- School Psychology
- Counseling Psychology
- Social Work
- BCBA Certification
- Health Education & Wellness Coaching
- Parks, Recreation, & Tourism
- Education, Leadership & Policy

A PROGRAM DESIGNED FOR U

- **Foundational Classes** introduce you to the field of educational psychology including human development, learning, social and emotional skills, and the psychology of multiculturalism.
- **Applied Classes** help you develop the skills for individual and group counseling, behavior change, consultation, collaboration, evidence-based decisions making and recognizing psychopathology and disabilities.
- **Work-based Learning Experiences:** Take what you've learned in the classroom and apply it to real-world problems by participating in two clinical experiences based upon your interests and chosen career path.
- **Make a difference.** A degree in educational psychology will prepare you to work in the helping profession with diverse people in a range of settings.
